PRESBYTERIANS HEAR REPORTS

Unity of Dixie and Northern Churches Also Taken Up by Board.

NEW ORLEANS, May 15.—Consideration of the reports of the four leading executive committees and the recommendation of the unity committee was on the program as the principal business at the second day's session of the 15th annual assembly here today of the Southern Presbyterian church.

The unity committee's report will be made simultaneously with the announcement of a similar committee to the assembly of the Northern Presbyterian church, which is meeting today in St. Louis.

Rev. A. M. Fraser, D. D., of Staunton, Va., was elected moderator at the afternoon session yesterday. The 15th general assembly of the Presbyterian church in the United States, known as the "Southern" Presbyterian church, is meeting today in St. Louis.

Steady progress toward evangelization of the world was reflected in the report of the committee on foreign missions submitted to the general assembly today.

The church now has 185 organized congregations in the foreign field, it was reported, working among a population estimated at 31,846,127.

The amount contributed by the Southern church during the year was \$791,440, the largest on record. Cost of carrying on missionary work exceeded the receipts by \$77,257, due largely to increased cost of silver in China, high rates of discounts and necessary increase for salaries of missionaries and native workers.

Two Months Bull Calf Brings High Price Of \$25,000

MADISON, N. J., May 15.—Floorham Leader, a 2-month-old Guernsey bull calf, was sold at auction here yesterday for \$25,000, said to be a new record price for any animal of its breed.

Oaks Farms and Hugh Hancock, both of Massachusetts, combined to make the purchase, paying \$10,000 above the previous record price.

Floorham Leader created a sensation when he was led into the auction ring. Within two minutes bidding on him had passed the \$10,000 mark. He is a son of No. 101, a cow of Long water, Nancy, a cow that produced 18,783.5 pounds of milk, containing 1,011.66 pounds of butter fat in a year, a record that has been exceeded by only three Guernsey cows. It was announced at the sale.

The auction, which was at Floorham Farms, resulted in the transfer of 53 Guernseys, including show champions and the highest priced lines of the breed, it was said, for a total of \$180,275, an average of approximately \$2,172 a head.

330,000 FACE DEATH IN ARMENIAN LANDS

NEW YORK, May 15.—More than 330,000 men, women and children in Armenian provinces are today facing death from starvation and epidemic diseases, according to cable advices received by the Presbyterian board of foreign missions and made public here.

There are 61,000 orphans helpless in Marsovan, and appeals for relief have come from 12,000 more at Salmas, Gu-nay and other centers in Azerbaijan. Thousands of Moslems, Jews and Kurds, besides the Christian remnant of a refugee army, are massed in Urmi-ah, calling for assistance.

Typhus, typhoid, smallpox and cholera are killing off thousands, and relief workers, doctors and nurses are needed to combat the epidemics raging throughout the land, the advices declared. Slow starvation is killing hundreds in the Armenian Caucasus, where refugees are herded like cattle, from 13 to 17 crowded into a room and living on thin "diala" soup.

A recipe calling for one onion, a spoonful of grease and two quarts of water for six persons.

FILE SUIT TO OUST WOMAN AS EXECUTIVE

LOS ANGELES, Cal., May 15.—Heirs of the late Col. Robert F. Hunter, Indian trader and ranchman, began a contest in the probate court yesterday to remove Virginia I. Hunter, his daughter, as executrix of the estate, which comprises 28,000,000 acres of land valued at \$300,000,000, extending from Maricopa county, Ariz., to El Paso, Tex.

The plaintiffs in the action who include Fannie S. Cuyper and Mrs. T. H. Miller, other daughters, and Philip S. Hunter, a son, charged that Miss Virginia Hunter, named by the decedent as executrix of the will, concealed from other heirs the existence of a blank deed to more than 25,000,000 acres of the estate.

Miss Hunter testified that her father instructed her not to record the deed unless there was a dispute between the government and the Indians concerning the boundaries of Pueblos.

RAINS DAMAGE ROADS.

NEWBORN, Tenn., May 15. (Sp.)—The rains of recent date have damaged the roads in Dyer county, and the cost of repairing them will run into several hundred dollars. The Lanes Ferry levee, across the Obion river, 10 miles north of Newborn, is impassable, and the citizens in that end of the county are cut off from Newborn. Merchants at Lanes can't get their express across the bottom. County authorities have been notified that high waters did much damage in that territory.

SCHOOL ELECTIONS NEAR.

FORREST CITY, Ark., May 15. (Sp.)—School elections will be held Saturday throughout St. Francis county. In Forrest city those who will stand for re-election to membership on the board of education are T. A. Buford, James H. Sanders and A. D. McDaniel, all of whom are standing for re-election without opposition. In school district No. 16, Widener, where one director is to be chosen, there are two candidates in the persons of A. G. Sweet and R. V. Hall, while in district No. 32, Griggs township, where one director is to be elected, three citizens are running, in the persons of G. W. White, J. M. Lunkin and James Caldwell.

LAYMAN ELECTED CHURCH MODERATOR

ST. LOUIS, Mo., May 15.—J. Willis Baer, Pasadena, Cal., banker, was elected moderator at the 131st general assembly of the Presbyterian church in the U. S. A., in session here, late yesterday. This is the first time in history a layman was chosen as the highest officer of the church. Mr. Baer's opponent was the Rev. Dr. S. Hall Young, an Alaskan missionary.

The election resulted from the first ballot, which gave Mr. Baer 474 votes and Dr. Young 245. Mr. Baer was the only layman nominated. The Rev. Alexander MacCall, of Philadelphia; the Rev. Robert Johnston, of Montreal, Can.; and the Rev. Calvin May, of Johnston, Pa., also were nominated, but withdrew in favor of the other two candidates.

William Jennings Bryan, who had been spoken of frequently as a possible contestant, did not arrive in St. Louis until after the election. This precluded him from becoming a candidate, as the assembly has never chosen a moderator who was not on the floor at the time of the election.

Mr. Baer is vice-chairman of the New Era movement, which has on hand the raising of \$25,000,000 for Presbyterian church work, and is former associate secretary of the board of home missions. For many years he was general secretary of the Christian Endeavor society. He is a member of the executive committee of the interchurch world movement, which plans the alliance of all Protestant churches. The movement has been cautiously denounced at preassembly gatherings, but commissioners expressed belief that Mr. Baer's election to the moderatorship insures the endorsement of the movement by the assembly.

NEWBORN IS CENTER OF FINE STOCK INDUSTRY

NEWBORN, Tenn., May 15. (Sp.)—Great efforts are being made in every section of Dyer county to grow purebred stock. The work is under the supervision of County Agent W. G. Wilson, who is establishing better methods for the boys' corn, calf and pig clubs. Sam G. Cole, prominent hog breeder, and owner of the Poland-China farm, has 40 pigs ready for the Newborn club which will be delivered at his farm east of Newborn Tuesday, May 20. Wilbur G. Wilson will be present to instruct the boys in growing the fine blooded hogs.
